

## **PROGRAM MAINTENANCE – DELETING A PROGRAM AND/OR PROGRAM STRAND**

There is currently no facility for physically deleting Programs or Program Strands. The only facility for removing them from Assessment screens, Assessment Status reports, and Progress Reports is to “Inactivate” the unwanted strand(s) or, to have all program strands ignored, simply “Inactivate” the related Program. Instructions for inactivating Programs and Program Strands can be found under **“PROGRAM MAINTENANCE – EDITING AN EXISTING PROGRAM OR PROGRAM STRAND”**.
