

## ENTRY LEVEL ASSESSMENT STATUS REPORTS

The Entry Level “Assessment Status Report” can be run at any time from either the “Entry Level By Student” or the “Entry Level By Program” assessment screens by clicking on the [Assessment Status Report](#) link.

For teachers, this report will provide an overview of the status of the mandatory entry level assessments for all of their classes whether they are the default teacher or the support teacher. For Principals, Vice Principals, Site Leads, and Central Admin staff, this report will provide an overview of the status of the mandatory entry level assessments for all of the “**Teacher/Classes**” in the school currently selected. For classes with multiple teachers assigned, the Teacher/Class will be listed only once under the default teacher’s name.

| Teacher/Class                  | Total Students in Class | Students Assessed | Mandatory Entry Assessments Unfinished |
|--------------------------------|-------------------------|-------------------|--|
| <a href="#">Mrs. Smith - 6</a> | 2                       | 2                 | 0                                      |
| <a href="#">Mrs. Smith - 8</a> | 2                       | 0                 | 2                                      |
| <a href="#">Mrs. Smith - 7</a> | 2                       | 0                 | 2                                      |
| <b>Total:</b>                  | <b>6</b>                | <b>2</b>          | <b>4</b>                               |

“**Total Students in Class**” - the total students enrolled in each class (note that this count will include active as well as inactive students).

“**Students Assessed**” – the total number of students in the class that have received a valid entry level assessment in all of their mandatory entry programs/strands.

**“Mandatory Entry Assessments Unfinished”** – the total number of students who do not yet have a valid entry level assessment in all of their mandatory entry programs/strands. A student must have received a valid entry level assessment in all of their “mandatory entry” programs/strands in order to be considered finished.

In order to focus in on the students that still require mandatory entry level assessments, click on the **“Teacher/Class”** name in the **“Class Assessment Status Report (Entry Level)”** that you want more information on. This will take you to the **“Student Assessment Status Report (Entry Level)”** where all students in the class selected will be listed together with their assessment status (a check mark indicates all mandatory entry level assessments for that student are finished while an **“X”** indicates one or more mandatory entry level assessments for the student are unfinished).
